CONSULTANCY SERVICES—MANAGER, EMERGENCY HEALTH SERVICE, HEALTH SECTOR REFORM PROGRAMME—
MINISTRY OF HEALTH IDB LOAN NO. 937/OC-TT

THE GOVERNMENT OF THE REPUBLIC OF TRINIDAD AND TOBAGO (GORTT) through the Ministry of Health (MOH) has initiated a comprehensive Health Sector Reform Programme (HSRP) aimed at improving the quality of health care by changing organisational structure(s) and behaviour. The costs of the HSRP are in part financed by a loan from the Inter-American Development Bank (IDB).

Decentralisation, a principle of the HSRP, is to be achieved through strengthening the Ministry of Health's "health care purchaser", legislative, regulatory, policy, health planning, monitoring and evaluation functions; and the creation of Regional Health Authorities (RHA) mandated by law to undertake a "health care provider" function.

Limited steps have already been taken to improve the delivery of patient care services in emergency situations but there is growing need for effective management and policy development to guide development and implementation of a comprehensive and fully-integrated emergency health services system for Trinidad and Tobago. A system that must eventually include a continuum of pre-hospital care provided at the site of the emergency, care while patient is being transferred/transported to an institution, and institutional care once the patient has entered the health facility.

The overall objective of the Manager, Emergency Health Services (EHS) is to provide leadership in the development, implementation and management of a comprehensive EHS for Trinidad and Tobago. Specific consultancy activities include:

- Review of existing EHS policies, practices and organisational arrangements;
- Monitor the Trinidad and Tobago Emergency Health Service Pilot Project (TTEHS);
- Assist in development and implementation of a national EHS including a "standard based" quality management and improvement system;
- Prepare an EHS implementation plan of work including a monitoring mechanism to oversee the effective use of administrative mechanisms/processes and information databases; and
- Develop an EHS Evaluation Protocol that will effectively evaluate the clinical and fiscal integrity of the services being delivered.

The consultancy will be of interest to individuals with:

- (a) Graduate Degree in Emergency Health Services Management and a minimum of five (5) years multi-disciplinary emergency health services management experience; or
- (b) Graduate Degree in Healthcare Management and a minimum of five (5) years senior multi-disciplinary health management experience with a proven track record in emergency health services management; or
- (c) Degree in Medicine, Nursing, Public Health, Community Health or related discipline and a minimum of eight (8) years senior multi-disciplinary management experience with a proven track record in emergency health services management.

Queries regarding this invitation should be directed to:

Envelope No. 2—"Financial Proposal—Manager, Emergency Health Service for the Ministry of Health Loan No. 937/OC-TT" and include details of fees (and reimbursable expenses) for the consultancy;

and submitted to the address as follows on or before 1.00 p.m. on Thursday 7th December, 2000:
