

*Legal Supplement Part C to the "Trinidad and Tobago Gazette", Vol. 57,
No. 85, 5th July, 2018*

No. 17 of 2018

Third Session Eleventh Parliament Republic of
Trinidad and Tobago

HOUSE OF REPRESENTATIVES

BILL

AN ACT to amend the Planning and Facilitation of
Development Act, 2014 and to consequentially
amend the Environmental Management Act,
Chap. 35:05

THE PLANNING AND FACILITATION OF DEVELOPMENT
(AMENDMENT) BILL, 2018

Explanatory Notes

(These notes form no part of the Bill but are intended only to indicate its general purport)

The Bill seeks to amend the Planning and Facilitation of Development Act, No. 10 of 2014 and to consequentially amend the Environmental Management Act, Chap. 35:05.

Clause 1 would provide for the short title of the Act.

Clause 2 would provide for the interpretation provision of the Act.

Clause 3 would amend section 3 of the Act by inserting a new definition of “simple development”.

Clause 4 would amend section 11 of the Act. This amendment would remove from the Development Control Committee, representatives from the Occupational Safety and Health Agency, and the Chief Medical Officer in the Ministry with responsibility for health. This amendment would also provide for representatives from the Trinidad and Tobago Association of Local Government Authorities, and the Ministry with responsibility for physical planning and development of land to now be included on the Development Control Committee.

Clause 5 would amend section 13 of the Act by providing additional qualifications for a person employed as the Director of Planning, specifying the engineering qualifications required for the Chief Building Officer, and revising the post-qualification experience required for the Director of Planning, the Chief Building Officer and the Chief Enforcement Officer.

Clause 6 would amend section 15 of the Act by clarifying the functions of the Chief Building Officer and the Chief Enforcement Officer.

Clause 7 would amend section 31 of the Act by repealing subsection (4)(c). This provision is no longer necessary because it is already provided under subsection (3) that development allowed by a Development Order may be subject to such conditions and limitations as may be specified in the Development Order.

Clause 8 would amend section 60 of the Act by providing a person with the right to appeal to the Environmental Commission against a tree preservation order.

Clause 9 would amend section 73 of the Act by deleting the definition of “simple development application” because it is now provided under clause 3 of the Bill with the insertion of the new definition of “simple development”.

Clause 10 would amend section 89 of the Act by providing the Environmental Commission with the power to exercise jurisdiction over appeals of decisions made by a planning authority.

Clause 11 would amend section 90 of the Act.

Clause 12 would amend section 95 of the Act by repealing subsection (1)(g) and (h). These provisions are not necessary because failure to comply with the provisions of any compliance notice, compliance order or development repair order is extensively addressed under sections 54 and 57 of the Act.

Clause 13 would amend the First Schedule of the Act. This amendment would provide *inter alia* for the appointment of a Chief Executive Officer of the National Planning Authority, and the secondment of officers to the service of the National Planning Authority.

Clause 14 would consequentially amend the Environmental Management Act, Chap. 35:05 to provide for the members of the Environmental Commission to also have knowledge of, or experience in urban and regional planning.
