#### **Section 7(1)(a)(v)**

##### **Procedure to be followed when accessing a document from Petrotrin**

Our policy is to answer all requests, both oral and written, for information. However, in order to have the rights given to you by the FOIA (for example the right to challenge a decision if your request for information is refused), you must make your request in writing. The following procedure should be followed when making a request:

1. Request an FOIA Application Form from the Public Information Unit ("PIU"), Guaracara Park, Pointe-a-Pierre, or a copy can be accessed at the Company's website or obtain a copy from the Government FOIA Unit at their website address: [www.foia.gov.tt](http://www.foia.gov.tt)
2. You can either fill out the Form at the PIU and request assistance from the Designated Officer or the Administrator – PIU or if you are certain of what to do, you can fill out the Form at your convenience. Please note that pursuant to sec.13(2) of the FOIA your request need not be specific but sufficient information is to be provided so that the document may be identified with reasonable effort.
3. The Form may be:
  - Hand delivered to the PIU; or
  - Mailed to the PIU; or
  - Faxed to the PIU at no. 658-0056 to be followed up by mailing or delivering the original to the PIU. Please note that for the purpose of calculating the time limit set out at 4 below, electronic signatures i.e. fax, e-mail etc., are not acceptable and computation will therefore commence upon receipt of the original document.
4. There is a time limit of not later than thirty days for your request to be determined by the Company (sec. 15). You should note that your request would be registered by the Administrator as having been received on the day that your application form is stamped at the PIU. This means that the thirty-day period does not start to run until the request is received by the Unit. If we fail to meet the

2460—Continued

deadlines, the FOIA gives you the right to proceed as if your request has been denied. We will try diligently to comply with the time limits, but if it appears that processing your request may take longer than the statutory limit, we will acknowledge your request and advise you of its status. Since there is a possibility that requests may be misaddressed or misrouted, you may wish to call or write to confirm that we have received the request and to ascertain its status.

5. Upon any consultation between yourself and the Designated Officer time is suspended in the computation of the thirty-day period (sec. 21{7}).
6. You must get a notice in writing from the Company of its decision and the reasons for the decision taken (sec. 23{1}).
7. If your request for the information is granted and you need a copy of the data on paper, diskette or compact disc, you are required to pay the prescribed fee (sec. 17{2}) as set out in the Regulations to the FOIA prior to receiving the data. You will be notified of the appropriate fee. You are entitled to receive the document(s) within seven days of payment of the relevant fee. If we fail to provide the information within the seven day period, you are entitled to a refund of the fees paid in addition to access to the document(s) requested. Please note that the actual making of the request is free of charge (sec. 17{1}).
8. You have the right to correct by supplementing, amending or deleting personal information in an official document if the information is inaccurate, incomplete, misleading or not relevant to the purpose for which the document is held by the Company (sec. 36).
9. If your request for some or all of the information or for correction to personal information is denied and you are dissatisfied with the reasons, then you have the right to
  - (a) apply to the High Court for Judicial Review of the decision (sec. 39). Please note however, that pursuant to sec. 11 of the Judicial Review Act, No. 60 of 2000 an application for judicial review shall be made promptly and in any event within three months from the date of the decision; or
  - (b) write to the Ombudsman within twenty-one days of receiving the decision of the Company (sec. 38A).

A request under the FOIA will not be processed to the extent that it asks for information which is currently available in the public domain, either from Petrotrin or from another public authority, for example brochures and pamphlets etc.

Prior to the commencement of the FOIA old records may have been destroyed. The granting of a request for such documents may, therefore be impossible. Various laws, regulations and manuals give the time periods for keeping records before they may be destroyed e.g. The Exchequer and Audit Act, Chap. 69:01.

An applicant is entitled to copies of information we have in our possession, custody or power. We are required to furnish only one copy of a document. If we cannot make a legible copy of a document to be released, we may not attempt to reconstruct it. Instead, we will furnish the best copy possible and note its quality in our reply. Please note that we are not compelled to do the following:

- a. Create new documents. For example, we are not required to write a new programme so that a computer will print information in the format you prefer.
- b. Perform research for you.
