TRINIDAD AND TOBAGO Securities & Exchange Commission

The Trinidad and Tobago Securities and Exchange Commission ("the Commission") is responsible for ensuring that the securities industry operates in a fair, transparent and efficient manner in order to protect the rights of investors.

The Commission regulates the market initially by registering all securities issued to the public; all issuers of those securities; all market actors, i.e., brokers, dealers, traders, underwriters, securities companies and investment advisers; and all self-regulatory organizations.

How does registering with the Commission protect investors?

Registration requires all issuers of securities and market actors ("registrants") to provide the Commission with pertinent information regarding the company, its directors and the securities being offered to the public or to investors. The Commission ensures the information meets legislative requirements.

Firms and individuals are registered by category – each registration category attracts different education and experience requirements, and permits different activities. We ensure that the companies are genuine entities with a registered office, headed by qualified professionals who possess the knowledge, skills and experience to conduct the transactions.

What are the qualifications for registration?

Registration will not be granted unless the Commission is satisfied that an applicant is fit and proper, meets the requirement of the law with respect to capital, and educational qualifications and discloses any information that may affect the conduct and integrity of his business. This information is also available for public viewing at the Commission.

However, the provision of information does not end after the initial registration. Registrants are required to continuously provide the Commission, as well as investors, with information inclusive of changes which may positively or negatively affect the performance of their business and the securities available to investors.

Is registration an endorsement?

While we advise all investors to deal only with those issuers and market actors that are registered with the Commission for the reasons mentioned above, please note that registration with the Commission is NOT an endorsement of the registrant or of any security. The Commission provides neither guarantee nor opinion on the performance of the product.

Always remember even though you are dealing with someone who is registered with the Commission, you should evaluate

the registrant and the securities being offered and if necessary, seek independent financial advice before making an investment decision.

The Commission has provided a listing of companies and individuals who are authorized and registered to sell securities as at March 31, 2009 as indicated on the following pages.
