### Section 7 (1) (a) (v)

#### Procedure to be followed when accessing a document from the TTPOST

##### How to request Information:

- General Procedure

TTPOST's policy is to answer all oral and written requests for information. The applicant must conform to the requirements and instructions of the FOIA by ensuring that all requests are submitted in writing. All applicants must, therefore, complete the appropriate form (*Request for Access to Official Documents*) available at the *Office of the Corporate Secretary* for information that is not readily available to the public.

- *Addressing Requests*

To facilitate the prompt handling of requests, applicants must address their requests to the Designated Officer of the Public Authority (**see below statement for Section 7 (1) (a) (vi)**).

- *Details in the Request*

Applicants should provide details that will allow for quick identification and location of the records that are being requested. If insufficient information is provided, clarification will be sought from the applicant. If the applicant is not sure how to write the request or what details to include, the applicant may communicate with the Designated Officer (**See Section 7 (1) (a) (vi)**).

Requests not handled under the FOIA

- A request under the FOIA will not be processed to the extent that it asks for information, which is readily available to the public either from TTPOST or from another public authority.

Responding to - Requests

- *Retrieving Documents*

TTPOST is required to allow access to copies of documents that are in its possession or documents that can be retrieved from storage. Information stored at any of the Corporation's storage locations may be retrieved in order to process requests.

Prior to the commencement of the Freedom of Information Act, 1999 old records may have been destroyed. The granting of a request for such documents may, therefore, be impossible. Various Laws, Regulations and Manuals give the time periods for keeping records before they may be destroyed. One such piece of legislation is the **Exchequer and Audit Act, Chap. 69:01**.

- *Furnishing Documents*

An applicant is entitled to copies of information that is in the possession of the Corporation,. TTPOST is only required to furnish one copy of a document. If a legible copy cannot be made of a document to be released, TTPOST may not attempt to reconstruct it. Instead, TTPOST will furnish the best copy possible and note the quality of the copy in the reply to the request.

TTPOST is not compelled to do the following:

- (a) Create new documents.
- (b) Implement new systems in order to facilitate preferences in formats that may be preferred by the applicant. For example, TTPOST is not required to write a new programme so that a computer will print information in the format that an applicant may prefer.
- (c) Perform research for the applicant.

2327—Continued

### Time Limits

#### ▪ *General*

The FOIA sets a time limit of thirty (30) calendar days for determination of requests for access to documents. If this time limit is exceeded, the FOIA provides the applicant with the right to proceed as though the request has been denied. TTPOST will endeavour at all times to comply with the time limit. If it appears that processing a particular request may take longer than the statutory limit, the request will be acknowledged and advice will be offered as regards its status. Since there is a possibility that requests may be incorrectly addressed or misdirected, applicants may telephone or write to the Designated Officer in order to confirm receipt of the request and to ascertain its status.

#### ▪ *Time Allowed*

TTPOST will determine whether to grant or deny a request for access to information as soon as practicable but no later than 30 days as required by Section 15 of the FOIA. If a decision is taken to grant access to the information requested, the applicant will be permitted to inspect the documents and/or be provided with copies.
