Section 7 (1) (a) (iv)

This section is not applicable.

Section 7 (1) (a) (v)

Procedure to be followed when accessing a document from the Electrical Inspectorate Division (EID).

How to Request Information:

General Procedure:

The EID's policy is to answer all requests for information, both oral and written. However, in order to exercise the rights under the FOIA (for example the right to challenge a decision if a request for information is refused), the applicant must make his/her request in writing. The applicant must, therefore, complete the appropriate form (Request for Access to Official Documents) which is available at any of the four offices of the Electrical Inspectorate Division, for information that is not readily available to the public.

Addressing Requests:

To facilitate prompt handling of a request, please address it to the Chief Electrical Inspector of the Electrical Inspectorate Division (**see section 7 (1) (a) (vi)**)

Details in the Request:

Applicants should provide details that will allow for ready identification and location of the records that are being requested. If insufficient information is provided clarification will be sought from the applicant. If the applicant is not sure how to write the request or what details to include, communicate with the EID's Designated Officer (**see section 7 (1) (a) (vi)**).

Request not handled under the FOIA

A request under the FOIA will not be processed to the extent that it asks for information, which is readily available to the public, either from the Electrical Inspectorate Division or from another public authority.

2015 UPDATED PUBLIC STATEMENT OF THE ELECTRICAL INSPECTORATE DIVISION
MINISTRY OF PUBLIC UTILITIES—CONTINUEDResponding to your Request

Retrieving Documents:

Prior to the commencement of the Freedom of Information Act 1999 old records may have been destroyed. The granting of a request for such documents may therefore not be possible. Various laws regulations and manuals give the time periods for keeping records before they may be destroyed. For example, The Exchequer and Audit Act: Chap: 69:01.

Furnishing Documents:

An applicant is entitled to copies of information that is in the possession, custody or power of the EID. The EID will furnish only one copy of a document. If the EID cannot make a legible copy of a document to be released, the EID may not attempt to reconstruct it. Instead, the EID will furnish the best copy possible and note its quality in our reply.

Please note the Electrical Inspectorate Division is not compelled to do the following:

- (a) Create new documents. For example, the EID is not required to write a new program so that a computer will print information in the format preferred by the applicant.
- (b) Perform research for the public.

Time Limits**General**

The FOIA sets a time limit of thirty (30) calendar days for determination of an applicant's request for access to documents. If the EID fails to meet this deadline, the FOIA gives the applicant the right to proceed as though the request has been denied. The EID will try diligently to comply with the time limit. If it appears that processing the request may take longer than the statutory limit, the request will be acknowledged and the applicant advised of its status. Since there is a possibility that requests may be incorrectly addressed or misdirected, the applicant may wish to call or write to confirm that the request has been received and to ascertain its status.

456—Continued

2015 UPDATED PUBLIC STATEMENT OF THE ELECTRICAL INSPECTORATE DIVISION
MINISTRY OF PUBLIC UTILITIES—CONTINUED

Time Allowed

The EID will determine whether to grant a request for access to information as soon as practicable but no later than 30 days as required by Section 15 of the FOIA. If a decision is taken to grant access to the information requested, the applicant will be permitted to inspect the document and/or be provided with copies.

Fees and Refunds

Section 17(1) stipulates that no fee shall be charged by a public authority for the making of a request for access to an official document. However, where access to an official document is to be given in the form of printed copies or copies in some other form, such as on a tape, disk, film or other material, the applicant will be required to pay the prescribed fee incurred for duplication of the said material. Similarly, where documents in the public domain are made available to a member of the public, the EID may charge duplication fees in accordance with its normal replication policy.

Section 7 (1) (a) (vi)

Officers in the Electrical Inspectorate Division are responsible for:

- (1) The initial receipt of and action upon notices under section 10,
- (2) Requests for access to documents under section 13 and
